

## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments, see Remarks, filed 11/10/2009, with respect to Claims 1-14 have been fully considered and are persuasive.
2. Applicant argues that among the combination of limitations for all of the claims in the instant application that are toward the "in combination a tube for storing micro-litre volumes and a multi-well plate..." and "a tube for storing fluid for use with a multi-well plate," and "a tube for storing fluid," that the tube must contain "a formation 13 bigger than the bore and likewise bigger than the body 11." As a result of the Arguments submitted on 11/10/2009, the rejection of 103 has been withdrawn.

### ***Allowable Subject Matter***

3. Claims 1-18 are allowed.
4. The following is an examiner's statement of reasons for allowance: Claims 1-18 are toward either "in combination a tube for storing micro-litre volumes and a multi-well plate..." or "a tube for storing fluid for use with a multi-well plate," or "tube for storing fluid," wherein in all of the independent and dependent claims for the invention the combination of limitations respectively for the invention must include: a deformable formation, flared portion, or flared connector portion as recited and wherein the bottom formation 13 of the tube must be bigger than the bore and likewise must be bigger than the body 11 (See Applicants remarks filed on 11/10/2009).

5. The prior art of record does not disclose nor suggest the in combination, or the tube that must be used with the correspondingly recited multi-well plate, or the recited tube.
6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
